

# VISION

The goals you will find in this Comprehensive Plan are specific and definable accomplishments that express our vision of Tukwila and the community we contemplate for the future. This vision derives from our core values--respect for the past and present, compassion and support for individuals and families, pride of place, and quality opportunities for working, living, and community involvement.

## RESPECT FOR THE PAST AND PRESENT

Tukwila was and will continue as a regional **crossroads**

**Commented [NG1]:** We had a suggestion to change this to confluence. The concern is that crossroads implies the need to pick a course or make a change and implies a place you go through rather than settle. Confluence suggests the River and implies coming together, a mixing of different elements. The PC opted to retain crossroads.

~~Tukwila will continue to be at a strategic crossroads given its central location and access to many modes of transportation. Tukwila has long been and remains always essential crossroads for the region. First the Duwamish River, then the Interurban later major highways have provided transportation access first for native Americans drawn to the river's fish, then for 19th- and early 20th-century immigrants who harvested the timber and established farms, and now for people who conduct business, shop, visit, or live in this urban area.~~

~~New methods of transportationing people will be developed and located here- such as Link Light Rail and bus rapid transit and will be anare important attractors for new investment and should serve our residents while~~ ~~component~~ connecting local and regional travelers and the region.

We honor the past as we move toward the future

Our present institutions and housing, businesses, and public infrastructure facilities have resulted from the efforts of many people to pursue their individual and collective dreams. We honor this past and seek to preserve and enhance our community and environment by dreaming, planning, and investing in our future. We support cultural preservation programs and activities that draw on the strengths of long term residents and families who provide a direct connection with the past.

## COMPASSION AND SUPPORT FOR INDIVIDUALS AND FAMILIES

We encourage all members of the community to become actively involved in community affairs, and we provide opportunities for participation in the decisions that affect them.

**We Seek To Provide Opportunities For Citizen~~Residents~~**

We believe that while individuals bear primary responsibility for themselves, ~~-their communities perform a vital role in providing a positive environment, support and growth opportunities~~. We believe that many opportunities and services are best provided by non-profits, private businesses and voluntary organizations. We encourage these efforts, partner with organizations that help meet the basic needs of our residents and support Tukwila's active spirit of volunteerism. We encourage the social and civic engagement of our long time residents who are a tremendous resource and have much to contribute to their communities.
