**Subject:** Support of the Amendment to the Shoreline Management Plan

---

Hello Verna,

I'm writing today to share my strong support for Councilmember Hougardy's amendment to the proposed Tukwila Shoreline Master plan. This amendment will allow the Shoreline Plan to clearly reflect and be consistent with the King County Flood Hazard Management Plan.

The existing King County Flood Hazard Management Plan, adopted by the King County Council in January of 2007, required a tremendous amount of time and effort. During the development of the plan, I worked with my colleagues on the King County Council to ensure all interests in the Green River Valley were represented within the Plan.

I believe it is important for the City of Tukwila to adopt a Shoreline Plan that is consistent with and reflects the King County Plan to ensure the public safety of Tukwila residents and others in the Valley.

Please let me know if you any questions. Thank you for your consideration.

Sincerely,  
Julia Patterson
